

Located at Blacks Equine Centre near Hamilton, ON., The Western Riding Club is a Family Oriented Riding School dedicated to its members. We provide a wide range of services and opportunities for aspiring Riders as young as four and as old as 80.

In addition to offering Certified Western Riding Lessons, The WRC offers March Break and Summer Camp, P.A. Day Activities, Trails, Birthday Parties, Training/Boarding, Schooling Shows and a very rewarding Volunteer Program. We are also very happy to boast an Equine Canada Certification Program, Western Roping Classes, Reining Classes and so much more.

With the program expanding comfortably to meet demand, it is time for the WRC to reach forward in the year 2007 to one of its founding goals:

To offer a program that is available to *all* aspiring youth with the desire to be part of this wonderful community of Equine Professionals.

The WRC "Sponsor a Rider" Program is designed to assist the Youth of our community who may not have the financial support available to them that would allow them access a regular recreational activity. This is much more than simply one Riding Lesson a week for the Youth Riders brought into the program through a Sponsorship. It means joining a community of people in support of their goals and access to a Volunteer Training Program that will give them enhanced career eligibility in an industry that is over 800,000 Riders strong. The support network they are welcomed into at the WRC will follow them far into adulthood, as will their sense of self-achievement and confidence in their abilities to succeed.

The Home of the WRC, Blacks Equine center, is well known through out North America as Host to many Major Equine Events and Shows that will reach approximately 10,000 people of all professions and walks of life. In addition to assisting Young Riders, your Companies involvement in the program will give you generous advertising and promotional opportunities in partnership with Blacks Equine Centre and The WRC through out the year.

What a fabulous opportunity for creating a partnership in support of our community!

For more information on how you can be part of this Wonderful Program, Please contact:
